

70 SERIES

WHERE COFFEE IS THE STAR OF THE SHOW

Celebrating the best coffee in the world in every conceivable variation. The 70 Series is the ideal machine for coffee shops, coffee bars, restaurants, hotels and any other venue where excellent coffee is the star of the show.

70	10 Coffee
	20 Milk Coffee
	30 Self
	40 Mobile
	50 Systems

First-class coffee quality thanks to patented grinding and brewing chamber system as well as the latest in brewing sieve technology

Unique harmonious and elegant design matches any décor

Even quantities of milk when dispensing two coffee-milk products at a time due to dual milk frother system

Fastest milk system thanks to dual pump and frother head technology

High coffee output due to optimal process technology

Fast preparation of different drinks thanks to simultaneous dispensing of coffee, hot water and steam

Use of different types of beans on demand due to two built-in grinders with precision grinding blades

100% hygienic and automatic cleaning thanks to patented milk line rinsing system

Ultra-easy maintenance due to front access

Display of daily consumption

Interfaces available to accounting, payment, control or diagnostics systems

Modular upgrade options as required (e.g. cup warmer)

Unique value for your money

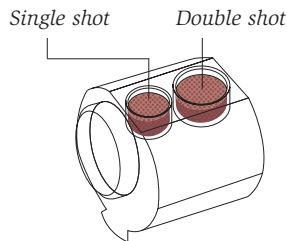

Quick and reliable servicing around the clock, and around the world

Another patent for superlative coffee quality and speed: the sloping grinders with conical grinding blades capture every last fresh bean and ensure an optimum flow of freshly ground coffee. Cup by cup.

Even dispensing of coffee-milk products thanks to innovative frother-head technology.

Perfect coffee quality, even with a single shot! Egro is the only manufacturer with a patented brewing system featuring different-sized brewing chambers for single and double shots. This ensures always an even flow of water through the coffee powder for consistently first-class quality coffee.

SWISS COFFEE SYSTEMS

Passion for the best coffee. Since 1934.
